**CONSUMERS:** Homebuyers What are in...

The magic of selling before you break ground

Today's homebuyers are harder to reach—get savvy to generate sales

## BEST products of 2006

### EFFICIENT PRODUCTS

LEADING-EDGE PRODUCTS AND TECHNOLOGIES UTILIZING THE SUN'S ENERGY AND MORE FOR HOME EFFICIENCY

Solar attic cooler saves HVAC's life Sunrise Solar's solar-powered roof-mounted attic fan removes heat and moisture from the attic, reducing energy consumption and extending both HVAC and roofing life. It's a power roof vent operating on solar energy instead of electricity. A built-in solar panel transforms sunlight into electric power; plus, it's easy to install. Call 866-599-3566 or visit [sunrisesolar.net](http://sunrisesolar.net).

This year the editorial board selected BEST PRODUCTS 2006 based on their uniqueness, versatility and innovation.

The West's most spectacular developments living great in the outdoors
